

PASS TO RANKS OF THE ALUMNI

Closing Exercises of the
High School Commence-
ment Last Night.

DIPLOMAS FOR 57

Interesting Theses Presented
by the Members of the
Graduating Class.

OVATION FOR MAYNE

Last evening the class of 1901 passed out from the active life of the Janesville High school to take its place in the ranks of the Alumni to which it will be formally welcomed tonight. The closing exercises of commencement were held last evening and were greatly enjoyed by an immense audience which had crowded the auditorium long before the hour for the program.

In connection with the exercises there have been many incidents which will long be remembered by the class in future years. The program of the final night was only marred by the fact that with this class Supt. D. D. Mayne also leaves the school and by the further fact that two members of the class were denied the privilege of being present on the night which serves as the crown of school life. Miss Edna Rogers and Marion Scott were both very ill and the attending physicians absolutely forbade any attempt to attend the exercises. Miss Scott was on last evening's program and was to have recited "Drumshengh's Fireside" by Ian Maclaren. The disappointment and regret of the class at this enforced absence of two of its members could only have been exceeded by the disappointment of the young ladies who were thus deprived of enjoying the pleasant outward evidences of the reward which they have earned.

Last Evening's Program

Last evening's program opened with a song by the Imperial quartet whose rare ability to delight and entertain an audience was evidenced by the fact that in spite of the length of the program, each one of the four exquisite selections given was encored.

The opening number was followed by a well written and well delivered oration on "The Individuality of Cardinal Newman" by William Schmiedley. He said that among the men produced by the past century whose achievements merit the renown given men for lofty thoughts and noble acts and for their life purpose of uplifting humanity is John Henry Newman. He shines not in the world of physical science but in the science of the spiritual and religious.

Germination of Seeds

An interesting thesis on "Germination of Seeds" was happily given by Fannie M. Dooley and M. Lorena Crouse. Miss Dooley spoke first and although suffering with hoarseness she gave her part of the thesis in a pleasing manner.

The subject was continued by Miss Crouse who explained that the conditions essential to growth are moisture, heat and oxygen. With any of these elements lacking there would be no germination. She showed the truth of this by experiments, one of the interesting ones being the experiment showing the necessity of oxygen.

Our National Songs

Miss Florence M. MacDonald received long continued and merited applause for her excellent thesis "Our National Songs." It appealed directly to the hearts of the people. Miss MacDonald said that the power of music has been felt in every sphere of human experience, but nothing in man's life is so perfectly expressed as patriotism. In the realm of these war songs is found the beginning of the poetry of every nation and America is rich in these soul inspiring national songs. Miss MacDonald was assisted by several of the songs mentioned thus adding much to the impressiveness of the number.

Use of Compressed Air

"The Uses of Compressed Air" was the subject of an able thesis which the audience found very interesting. It was given in pleasing manner by Ben W. Smith who asserted that while the present century is often called the electric age, in the transmission of power compressed air is far superior to electricity and is an active competitor in a hundred fields of usefulness.

Supt. D. D. Mayne then spoke of the interest which the daughters of the American Revolution have taken in the schools for several years and of the prizes which the society has offered for excellent historical work. He then presented Ruth Fifield of the Washington school with the med-

SNOW IN NORTH DAKOTA

Oldest Inhabitant Unable to Recall Similar Occurrence in June

Jamestown, N. D., June 7.—A June snowstorm is an unusual thing, but one occurred today throughout the central and northern portions of North Dakota. At Jamestown snow fell for two hours this morning. Similar reports come from towns on the Jamestown Northern railroad. Snow fell late in May in 1891 but the oldest settler fails to recall a similar occurrence in June.

Editor Larson Takes a Wife.

Delavan, Wis., June 7.—Frederick C. Larson, editor of The Wisconsin Times, the paper printed at the State school for the deaf, and Miss Mabel, daughter of George Finnegan, were married yesterday at the home of the bride's parents.

MRS. M'KINLEY IS STILL IN DANGER

Three Physicians Held a Long Consultation Over Her Case This Morning.

Washington, June 7.—Drs. Rixey, Stoneberg and Johnson held the longest consultation of the week over Mrs. McKinley's condition this morning. They were together about an hour, and a quarter, and after they left Secretary Cortlyon gave out the following bulletin:

"Mrs. McKinley's physicians state that her condition is about the same as reported yesterday. There has been no material change during the last twenty-four hours."

Dr. Stoneberg announced that the microscopic examination of the blood taken from Mrs. McKinley's arm last Tuesday showed purely negative results and that no alarm is felt about its condition.

NORTHWESTERN DIRECTORS MEET

Chicago, June 7.—The annual meeting of the stockholders of the Chicago & Northwestern railroad was held here yesterday. M. L. Sykes, who has been vice president of the company since 1870, tendered his resignation, and Eugene E. Osborn, general attorney of the company since 1894, was elected his successor. The stockholders re-elected the following directors: Marvin Hughitt, N. K. Fairbank, James Stillman, Oliver Ames, and Zenas Crane. The directors re-elected all the officers of the company, excepting the vice president.

Tomorrow the party will be at Hudson, Wis., where the annual meeting of the Chicago, St. Paul, Minneapolis & Omaha company will be held. After this they will return to Chicago.

TWO BIG FIRES AT MILWAUKEE

Milwaukee, June 7.—Fire totally destroyed the plant of the Wisconsin Furniture company at North Milwaukee last night, at a loss of \$65,000. The American Bicycle company's plant was damaged to the extent of \$10,000, and the Monarch Sign Manufacturers' company's plant to the extent of \$2,000. The aggregate losses of \$77,000 are fully covered by insurance.

John Smith, a tinner, was killed in an attempt to escape from a fire in Elevator F at the Pabst brewery yesterday afternoon. The fire caused a loss of \$150,000 to the Pabst company and \$8,000 to William Gerlach & Co.

PRESIDENT EATON IS STILL IN DOUBT

If He Finally Decides to Stay with
Beloit College, It Will Be For
All Time.

Beloit, Wis., June 7.—President Eaton says in the matter of his leaving Beloit college that he has no final answer.

He is between two fires, duty to the college and deference to the wishes of his generous friend, Dr. Pearsons, and his individual choice of a pastorate. President Eaton says that many who expected to help on the endowment fund now hesitate to do so until the question of the presidency is settled.

He says that if he concludes to remain in Beloit it will be for all time as far as his strength endures. It is the almost unanimous belief here that Dr. Eaton will serve only a brief period with the Millford church.

Michael Flaherty Is Dead.

Chicago, June 7.—Michael Flaherty, for nearly fifteen years custodian of the Federal building of New York, is dead, and his Chicago relatives have been notified. He was 65 years old and for some time lived in Chicago. His sister, Mrs. Catherine Quinn, has gone to New York.

TARIFF LEAGUE IS AFTER BABCOCK

OPPOSE BILL REMOVING DUTIES
FROM IRON AND STEEL.

Fight Involves Speaker Henderson's Re-election — Presiding Officer of the House is Fast Friend of Wisconsin Man, and Will Resist Efforts to Retire Him.

Washington, D. C., June 7.—Congressman Babcock of Wisconsin has stirred up a hornet's nest by his declaration of war on the trusts by offering a bill in the last congress to remove the tariff from the steel iron products controlled by the steel trust. The American Protective Tariff League is after Mr. Babcock's scalp, and this developed today not only in the hearings before the industrial commission, but in other utterances from the league.

Danger to the Party.

This hearing of the tariff men before the commission is one of the developments of Congressman Babcock's bill to take the tariff off iron and steel products manufactured by the steel trust. Babcock's position as chairman of the republican congressional committee and a member of the committee on ways and means and the fact that his statement of war on trusts has received considerable endorsement in his own and other states, has aroused the American Protective League to the danger of such a move within the Republican party.

Means a New Speaker

It has been generally accepted that Speaker Henderson will succeed himself without a contest, but a war on Babcock, who is in close alliance with the Speaker, would mean a war upon the Speaker. The tariff men cannot hope for a pledge from Henderson that he will not appoint Babcock as a member of the committee on ways and means. It was Babcock and his friends who effected the combination by which Henderson was elected Speaker, and Henderson not only has this obligation to protect, but also the excuse that he cannot ignore the rules of the precedent in the house in appointing committees. Babcock, having held a place on this important committee, cannot be displaced without violating the rules of the house.

To make an effective fight on Babcock the tariff league will have to make a fight to elect a new speaker next December. The league in its organ, the Economist, this week calls Babcock a traitor and says he must go.

FRIENDS DELIGHT TO HONOR MAYNE

Members of the High School Faculty Present Him With a Bust of Shakespeare.

When Supt. D. D. Mayne went home to his dinner this noon the mid-day meal had no charms for him, this state of affairs being due to the fact that he found a more enticing feast awaiting him, one that delighted his artistic appetite and gave genuine refreshment which is only furnished the thirsty heart when one receives evidence of the love and remembrance of friends.

This feast was embodied in a magnificent bust of Shakespeare which had been left at Mr. Mayne's home for him this morning during his absence. It was the gift of the members of the High school faculty, those teachers who have been associated with Mr. Mayne in the great work which he has accomplished and who best know what a tower of strength he has been.

The cast, which is an exceptionally fine one and stands 28 inches high, is a token of the high esteem and affection which the high school teachers have for Mr. Mayne. It is needless to say that it will be highly prized and that it is in Mr. Mayne's eyes the immortal poet will have a new halo, and his never dying and matchless lines will be enriched by the undercurrent of love which has found visible expression in the bust which will adorn the home of one of the poet's most ardent admirers. The name of Shakespeare will have a new and personal charm, a personal meaning for Mr. Mayne hereafter and will serve to keep fresh, pleasant memories of his life in the High school.

MONUMENT FOR A RAILROAD MAN

Baraboo, Wis., June 7.—The railroad men of the Madison division of the Northwestern road are taking steps to erect a monument in honor of C. A. Swineford, who died here several years ago, and was buried in the Baraboo cemetery. Mr. Swineford was a brother of former governor, A. P. Swineford of Alaska and for many years superintendent of the Madison division.

C. F. Mabbitt and wife of Edgerton were in the city yesterday.

TO SPREAD GOSPEL IN PLAY HOUSES

PEOPLE'S CHURCH OF AMERICA
ORGANIZED IN CHICAGO.

National Church Organization Which Will Carry Sign of the Cross Into the Theaters of All the Large Cities—An Endowment Offered by Wealthy Men.

Chicago June 7.—A national church organization which will preach the gospel in the theatres of every great city of the United States is the latest religious enterprise to emanate from Chicago. Instead of lingering in fashionable suburbs and residence districts, the new church will carry the sign of the cross into the playhouse and the pleasure grounds of the American people.

Dr. H. W. Thomas of the People's Church of Chicago yesterday took his first step toward the organization of a national federation of churches, which stand for freedom in pulpit utterances and religious liberty for congregations. The new establishment will be known as the People's Church of America. It will devote its best efforts to gathering into the theatres of the various cities of the United States congregations of men and women who are devoted to Christianity, but independent of sectarian dogma and practice.

Dr. Thomas, who for twenty-one years has been preaching religious independence, said last night that the reason for the incorporation of the People's Church of America, under the laws of the state of Illinois, was the necessity of a business organization that could conserve the donations and endowments already offered by wealthy men who favored the movement.

Milwaukee, following Dr. Thomas' example, has already established a great congregation, which knows no place of worship except the theatre. Duluth has a similar organization. Des Moines and a number of western and southern cities have adopted Dr. Thomas' idea or a broad system of Christian work, which can be carried on in the down town districts of the great cities regardless of denominational differences, and with utter freedom for the pulpit and the worshippers.

SERIOUS ACCIDENT TO THEO. OTJEN

Milwaukee Congressman and His Secretary, in a Buggy, Collide with a Car.

Milwaukee, June 7.—Congressman Theobald Otjen and Nathaniel Greene, his private secretary, were seriously injured in a collision with a Milwaukee-Racine electric car at noon yesterday. Otjen and Greene were riding in a buggy on Kinnickinnic avenue, Bay View, when the car struck the rear of the vehicle, throwing the occupants to the ground. Mr. Otjen was terribly cut and bruised, there being a long and ugly wound on his forehead, but no bones were broken. Greene fared worse being injured internally. He was unconscious for nearly two hours and it is believed will die. Mr. Otjen will recover.

TO IMPROVE THE CREAMCITY HARBOR

Mayor Rose Calls a Meeting of Citizens for Monday Night to Consider the Matter.

Milwaukee, Wis., June 7.—Mayor Rose has called a meeting of the citizens of Milwaukee at the council chamber next Monday evening for the purpose of discussing much needed improvements for the inner harbor of this port. Senator Quarles will be present and suggest the necessary procedure to secure the assistance of the government in making the improvements.

BIG DAMAGE CLAIM AGAINST THE CITY

Mrs. Luthera J. Harris is the latest claimant against the city for damages sustained on a defective street. Her attorney, M. P. Richardson, yesterday filed with City Clerk Badger, a claim for \$5,000 for injuries sustained by stepping into a hole or ditch at the corner of Court and Harrison streets on the night of October 27, 1900 about 7:30 o'clock in the evening.

She claims that no light or protection was placed at or near the place and that it was a regular street crossing. She was so badly injured that she was forced to remain in bed for a number of weeks and still suffers from the effects of the fall.

The accident was caused by the unfinished condition in which Court street was left by Contractor Martin and his bondsmen are holding for any damage which was the result of his carelessness.

MISSOURI PRIZE BERRIES.

Carries Off Honors for That Branch of Horticulture at Buffalo.

Buffalo, N. Y., June 7.—Missouri carried off the strawberry prizes in the horticultural exhibit today. The Missouri delegation found expression for its joy by giving away a carload of berries, and everybody had a try.

Visitors with appetite satisfied romped red-handed out of the building, and the catering company had to send a ton of shortcake to the garbage company.

Factory Inspectors Named

Madison, Wis., June 7.—Labor commissioner, Halford Erickson today appointed the following assistant state factory inspectors: August C. Backus of Kewaskum; Ray J. Nye of Superior; Charles Russel of Berlin; August Lennhoff of La Crosse; J. H. Harbeck of Appleton and J. J. Koehsill of Sheboygan. They will begin their duties on Tuesday, June 11.

BLOOMINGTON RED IS FOUND GUILTY

He Made a Desperate Legal Fight, and Secured a Simple Burglary Conviction.

Quincy, Ill., June 7.—Davis, alias "Bloomington Red," was convicted of simple burglary and will go to prison under the indeterminate act. Effort was made to convict him under the habitual criminal act and sentence him for twenty years, without hope of parole, but the defendant made a desperate legal fight and succeeded in securing a simple burglary conviction. Two of the jurors were in favor of acquittal.

"Red" was convicted of robbing the Kespohl Mohrenstecher store here on Christmas eve of \$4000 worth of silks. His partner was George Heiss, who pleaded guilty after arrest and came from Chester prison to testify against him.

BRAID IS BRITISH GOLF CHAMPION

The Scot Beats Vardon and Taylor, Winning the Highest Prize.

Gullane, Scotland, June 7.—James Braid of the Romford Golf club, England, won the open championship of Great Britain yesterday with a score of 309 for the 72 holes leaving Harry Vardon and James Braid to fight for the first place, as they were seven strokes ahead of the next player, J. H. Taylor. The spectators included some well known members of parliament and a few Americans.

The features of Braid's play were perfect driving and deadly putting. Nearly a thousand spectators followed him and their enthusiasm was great.

GOOD PROGRAM IS MADE BY Y. M. C. A.

National Committee Reports on the Growth of Organization During Last Twelve Months.

Boston, Mass., June 7.—The committee of arrangement for the jubilee Y. M. C. A. convention, June 11 to 16, made public today the biennial report of the national committee. In substance it was as follows:

The work in the Philippines has produced excellent results, winning the confidence and esteem of civil officers as well as those of the army and navy.

In co-operation with the Provincial committee of Ontario and Quebec three representatives were sent with the detachments of Canadian troops serving in South Africa.

In the last two years the number of railroad associations has increased from 137 to 161. There are 643 student organizations.

Organizations now extend from the northern border of Mexico to Skaguay and Cape Nome above the Arctic circle.

The colored men's department enters upon its work in the new century with eighty-one associations.

The receipts during the last fiscal year were \$136,839 for home work; publication accounts were \$31,937; foreign work, \$39,320.

WARM WELCOME TO AMERICAN GUESTS

Lord Mayor of London Gives New York Chamber of Commerce Delegates a Reception.

London, June 7.—The Lord Mayor and the sheriff today gave a reception to the delegates from the New York Chamber of Commerce visiting in England. It took place in the Mansion House. Extremely cordial addresses were made by the hosts and guests, toasts were drunk to the king, queen and President McKinley at a luncheon given after the reception.

NO ANTAGONISM TO ST. PAUL ROAD

CITY COUNCIL WILL GIVE ANYTHING WITHIN REASON.

Prospects That the Differences Between the City and the Railroad Will Be Amicably Settled, and the Improvements Projected Will Be Pushed to Completion.

The situation between the city of Janesville and the Chicago, Milwaukee & St. Paul railroad is not as bad as many people have reason to think. The St. Paul company are asking for a number of things from Janesville and Janesville through its common council is asking that in case concessions are granted that the railroad do certain things.

So far there are a number of things asked for by both parties that the other does not see fit to grant, and both have good reasons why they do not care to do what the other side wants.

Suggests a Conference

A great many mechanics are desirous of having the council grant all the things asked for by the railroad while others who have residences adjacent to the proposed work make a strong kick against it.

The proper way to settle the matter, and come to an understanding in regard to what is asked for by the road and how much the city will grant is to have the interested parties on both sides of the question confer with the highway committee and let them settle the questions.

The railroad company wishes to build two new depots, one, freight depot on North Main street, which has been started, and the other, a passenger station between Jackson and Academy streets. It is not absolutely necessary that the road have either of these buildings, and they may leave things as they are at present if the city does not see fit to grant them what they want.

Consider Interests of the City

If the railroad companies are getting concessions that are valuable to them, they should be willing to do everything reasonable to get the favors and they claim that they are. The council says they are asking no more than is right and what they will not pass any ordinances until what they want has been given by the railroad company. They are looking out for the interests of the city and know they are in the right.

Council Not Antagonistic

But when the hue and cry lately raised comes to be sifted down it will be found that the council is not antagonistic to the St. Paul railway. The city fathers are eager to do all in their power to help the road to get proper and adequate facilities both for passengers and freight in this city.

But at the same time they had the interests of the property holders to consider. They are not prepared to give up rights and privileges that are worth money without some consideration.

The indications are that at the meeting of the council next Monday the matter will be settled for good.

TO SIFT CHARACTER OF LULU KENNEDY

Sensational Developments Expected in a Famous Murder Trial at Kansas City.

Kansas City, June 7.—The defense in the trial of Lulu Kennedy charged with the murder of her husband sustained a severe reverse this morning in that their objections to the introduction of character testimony was overruled. The state will attempt to show that she had strayed from the path of virtue before she met Kennedy, who was forced to marry her because of his alleged betrayal of her. The state will also attempt to show that Kennedy had not been intimate with her.

The woman killed her husband because he refused to live with her after he had been forced to marry her. Both are prominent socially and the families are wealthy.

Balloon Trip by Baldwin

Quincy, Ill., June 7.—Evelyn Briggs Baldwin, Arctic explorer, made a test ascension here in a large gas balloon, which he will take on his polar expedition. He was accompanied by his cousin, Sam Baldwin, of this city. It was the explorer's first trip in a balloon. He journeyed southeast for twenty miles, and the ascent and descent were successful. Mr. Baldwin later went to St. Louis, and goes from there to Kansas to visit relatives for a day or two.

Dime Novels His Ruin

Napoleon, O., June 7.—Leroy Grove, aged 16, son of a well-to-do farmer, living fourteen miles southwest of this place, stabbed his sister in the heart, choked his brother, aged 13, killing both, fired the barn and shot himself through the temple. His charred trunk was found in the ruins of the barn. He is supposed to have been made insane by reading Jesse James novels, which were found in his room.

THE TOBACCO MARKET

Conditions in the local tobacco market remain practically unchanged several buyers still being on the lookout for 1900 leaf which is getting difficult to find. There are some individual cases in which good crops are being held, but these are comparatively few. Charles Randall has a crop of twenty-five acres of good tobacco which he is holding for better prices. The market has not fully recovered from the demoralization which it suffered as a result of the 60 per cent. damage scare which was started by Sutter Bros. and for which they were responsible. The buyers have made a good thing out of it, the farmers being the ones on whom the financial loss has fallen most heavily.

A dispatch from Edgerton to the Milwaukee Sentinel says that the backward spring now seems destined to bring the planting season of the tobacco crop nearly two weeks behind that of a year ago. A few plants will be transferred in the fields this week, but the work of transplanting will scarcely become general much before the 20th of the month. There is also some complaint that the plants are not as thick upon the beds as usual. There is only a small amount of buying of last year's crop from the first hands now going on and but very small fractions now remains with the growers. There has been an unusual movement among packers of late with sales reported exceeding 5,000 cases during the week. The cured tobacco is fast going into the large operators in the East.

The firm of L. Well & Son of New York have selected a site in Edgerton for the erection of a fine new warehouse 60x200 feet that is to have all the modern conveniences of the latest buildings of its type. The contracts of this improvement affords storage capacity for 10,000 cases will be let at once and the warehouse finished in time to care for the growing crop. The ship-

ments out of storage reach twenty car loads, 500 cases from the market for the week past. About 1,000 cases of cigar leaf was exported from New York during the week.

The Journal of Commerce says: "It is reported that a new tobacco company is to be formed which is to take over both the American and Continental companies, and also the new cigar company recently organized. A short time ago the American tobacco company separated its plug tobacco business from its smoking and cut tobacco business, transferring the former to the Continental company. The American company also recently amended its by-laws so as to permit of the guarantee notes of subsidiary companies whose stocks it might own."

The amended revenue law reducing the tax on cigars and manufactured tobacco goes into effect on July 1. A rebate on all original and unbroken factory packages held on that date by dealers, will be allowed at the full amount of the reduced tax providing that the claim is in the office within sixty days. The inventory must be made on the morning of July 1. Another change will go into effect on July 1 in the form of canceling brewer stamps. Instead of using a rubber stamp brewers will hereafter have to use a perforated stamp.

The Consolidated Tobacco company incorporated in New Jersey Wednesday was formally organized in New York yesterday by the election of the following directors: James B. Duke, Oliver H. Payne, Thomas F. Ryan, J. B. Cobb, W. W. Fuller, Grant B. Schley, Frank H. Ray, Anthony M. Brady, C. C. Dula, W. R. Harris, P. A. B. Widener, Percival S. Hill, B. N. Duke and Charles E. Hallowell. The directors, organized by electing James B. Duke president and C. S. Keene, secretary.

Anna L. Loudon, Harry W. McChesney, Florence S. MacGregor, Edna M. Mosley, Ethel B. McArthur, Grace P. L. Miller, Florence M. MacDon, Jeanette Murphy, William J. Ryan, Lloyd W. Porter, Fred S. Scandiff, Edna E. Rogers, D. Harry Stevens, William E. Schmidley, Marion E. Scott, Ben W. Smith, Mae I. Summers, Iva N. Snyder, Annie M. Stovess, Vora E. Valloian, Verna G. Valleau, Edward Wray, Forest E. Woodsides, Lloyd B. Winston, Hazel Willey, Carry C. Wood, Katie M. Weaver, Florence B. Wilson.

AMUSEMENT NOTES.

An announcement of more than ordinary interest to our theater goers is the fact that Manager Myers has secured for this city, "Nathan Hale." Claude Fitch's beautiful and powerful play, which is now enroute for a tour of the northwest, with Howard Kyle in the principal character of the patriot spy.

The original magnificent production as seen during the memorable run of the play at the Knickerbocker Theater, of New York, will be presented in its entirety as regards costumes and scenery.

"Nathan Hale" is a play that is considered by many as Clyde Fitch's best work and when it is recalled that this author has written "Beau Brummel" and "Barbari Fretchie," "Nathan Hale" must indeed be a great play to deserve its praise.

It must be regarded as a representative American play, dealing as it does with a theme essentially American. Its central character, that of the young patriot spy, whose one regret was that he had but one life to lose for his country, must stir the patriotism of the most sluggish. The characters of the play are nearly all historical and the atmosphere of the revolutionary times is fully preserved. Apart from being fascinatingly interesting, it is also historically instructive. It is a play of intense situations and ranges in its elements from light, dainty comedy to intense tragic pathos.

JANESVILLE MARKET PRICES

Quotations on Grain and Produce Are Reported for The Gazette.

Reported by R. E. McGuire.
Flour—Retail at 90c @ \$1.10 per sack.
Wheat—65¢ 70c.

St. Nicholas League Drawing
The fine collection of drawings, known as the St. Nicholas League collections, is in the city at the children's library where it has been placed on exhibition. All people who are interested in the work of children are especially invited to visit the children's library within the next few days.

The drawings are original work of children who are members of the St. Nicholas League. Those who are familiar with the St. Nicholas know that for some time past reproductions of these drawings by the children of the league have appeared in this well known magazine. The originals have been presented by the St. Nicholas and are now being sent out to public libraries for exhibition purposes. The work is of high order and is well worth a visit.

For Over Fifty Years.
Mrs. WINSLOW'S SOOTHING SYRUP has been used for children while teething, it soothes the inflamed gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. Sold by Druggists throughout the whole world.

Seeking New Franchises.
La Porte, Ind., June 7.—The American Telephone & Telegraph company is seeking franchises in counties lying between the Illinois and Ohio state lines traversing northern Indiana for the supposed purpose of building a new line between Chicago and New York.

PAYS TRIBUTE TO SENATOR SPOONER

Congressman Barney Talks in Tacoma About Running Wisconsin Man for President.

Representative Samuel S. Barney of the Fifth Wisconsin district is being entertained by Representative Cushman and Secretary Whitehouse of the Tacoma Chamber of Commerce. Mr. Barney, accompanied by his wife, is on a pleasure trip to the coast, and incidentally looking after Tacoma property acquired by purchase in 1889. Asked as to the candidacy of Senator Spooner for the presidency, Representative Barney said:

"Senator Spooner is one of the ablest and brainiest men in the country. He has shaped the administration's foreign policy and no man in congress is more relied upon for advice. He possesses at once the absolute confidence and admiration of the common people. He is absolutely independent and no man ever questioned his integrity or honesty. If nominated he would make a lively campaign and it could be said that no man in our generation ever had taken his seat more free from promises or pledges.

"Senator Spooner absolutely will promise nothing to curry favor. He is not seeking political preferment and it has been hard work preventing him from resigning his senatorship. He is not a politician, but he is a statesman. No man can dictate to him, and no man doubts his absolute independence. If he should be a candidate, Wisconsin would, of course, be for him, but I have no idea he will be a candidate. He does not want the office and will not raise his finger to secure nomination. He would dismiss peremptorily any mention of his name for the office of president.

"With Senator Spooner out of the running Wisconsin would most likely fall in line for an endorsement of Senator Fairbanks of Indiana. While I do not consider Fairbanks as able a man as Spooner, he has many admirable qualities and conservatism that seems necessary to success. Geographically speaking, he hails from a political stronghold and I am not surprised that the state of Washington is already favorably disposed toward his nomination in 1904."

RECEPTION FOR REV. MR. VAUGHAN

Members of the Baptist church will give a reception next Friday evening for the purpose of welcoming their new pastor and his wife, Rev. and Mrs. Richard M. Vaughan, into the social life of the church and of the city.

The reception will be an informal affair and will be held in the church parlors at 7:30 o'clock. All friends of the church are invited to attend and special invitations to the members of other congregations will be extended through the pastors of the several churches. Light refreshments will be served and the reception will be a very pleasant affair.

French and British Soldiers Fighting.
Pekin, June 7.—Trouble between British and French soldiers at Tientsin continues. Several of the former were attacked and badly beaten by Frenchmen last night, says a dispatch from Tientsin this morning.

Boers Suffer Heavily.
Pretoria, Thursday, June 6.—Col. Wilson, with 240 of Kitchener's scouts, has surprised and routed 400 Boers belonging to Beyer's command, thirty-four miles west of Warm Baths.

Dyspeptic People

Should try Hootett's Stomach Bitters. Don't expect one spoonful to cure you, but give it a chance to get at your overworked stomach, lazy liver and impure blood. After a while you'll find your nerves strong and your digestion perfect. Use it faithfully, be you man or woman, and it will surely cure you. See that a Private Revenue Stamp covers the neck of the bottle.

It makes **HOOTEY'S** STOMACH BITTERS Well.

How to Paint Your House

...FREE...

The perplexing question of what colors to paint your house, can be settled now most satisfactorily and with the full knowledge that the colors will be artistically correct. Bring us a photograph of your house and we will send it to an expert, who is employed by the Sherwin-Williams Paint Co., to give information to people on this point. He understands his business and can give you some ideas that will be beneficial. Several Janesville people have already taken advantage of the offer and are pleased with this experts ideas.

PEOPLE'S DRUG CO.

THE BIG STORE
JANESVILLE, WIS.
WE KEEP THE QUALITY UP.

Skirt Bargain.

50 fancy skirts, made of black ground zouave sa-teen with colored stripes, being a firm material particularly adapted for skirts. They are made with a wide flounce of graduated cording and pleating. The actual value of these skirts is \$3.00, but we bought them at a low figure and our customers get the benefit. We offer them while they last at \$1.78.

Serpentine Laces.

There is a great demand at present for the new serpentine effects in laces. Have hard work keeping them in stock. A recent large shipment puts our stock in very fair condition. White, black and linen color we show in many beautiful styles.

Black French Laces

Many pretty patterns in this popular lace in 1, 1 1/2 and 2 inch widths with insertion to match.

Val. Laces.

Just received some lovely Valenciennes Laces in matched sets. Patterns are new and plenty of them. We can please you.

New Shirt Waists

The last few days we have received several shipments of shirt waists. Beautiful all white waists in a large variety of pretty styles at \$1 to \$5, and an unusually desirable lot of colored waists, at 50c to \$3. Also have the all linen waists in natural color that are so popular. We are agents for the leading manufacturers and are having great success with their lines. Styles are pleasingly new, workmanship first-class, and they fit well; we are receiving several shipments each week and each shipment brings new styles.

Summer Parasols.

You will find our collection of parasols and interesting one. In addition to the many choice creations in sun shades for women, we show dainty things for children, and start them as low as 15c. If you want the little girl pleased, a parasol's the thing for her. They work like a charm.

It is an Embarrassing Predicament for a man to have company and nothing in the house to treat his friends with, but if you keep a case of **STAR EXPORT** on hand, you can treat your friends like a king at a small cost.

PASS TO RANKS OF THE ALUMNI

Continued from page 1.

al given by the society for the best year's work in United States history in the Eighth grade.

Future of Janesville
Arthur W. Baumann chose the interesting subject of "This Our City: Its Future" for his thesis which he handled in an able and entertaining manner. He spoke of the recent awakening of the city to a new era of prosperity and the present promising outlook from which a great future may be safely predicted. The city is situated in the center of the most fertile and productive section in the Northwest and is well qualified for a distributing point being the center of the steel web literally formed by the railroads. He rejoiced in the prospect of the electric road as a means of placing recreation at a lake resort within easy reach. A list of the city's extensive exporters was given, all of whom expect to largely increase their output next year.

Growth of factories
The growth of factories and corporations this year will necessitate an expenditure of nearly \$900,000. The banks act as a standard of mercantile growth. Today they contain double the amount of money they did in '92. An increase in the same proportion for the next eight years will give a deposit of twenty million dollars. The city's future population will be the result of the manufacturing growth of the city. Using the increase in the men employed in several leading factories during the past eight years as a basis, Mr. Baumann predicted for Janesville in the year of 1920 a population of 33,700.

Miss Coral Bonestee gave an original poem "Our Heritage" which was worthy to be called an oration in verse. For strength of thought, beauty of expression and excellence of style it is certainly a remarkable piece of work for so young a person and reflects the greatest credit upon its talented author.

One of the very best thesis given was by Zoe Carrier on "Balanced Rations." Valuable information was given in practical way which was novel and interesting. She showed the vital importance of knowing the chemical properties of the various foods in order to combine them so as to give the proper nourishment.

Wireless Telegraphy.
One of the greatest scientific theses which has been given during commencement was the one on "Wireless Telegraphy," given last evening by Frank W. Kent and D. Harry Stevens. The young men explained lucidly the theory of this marvelous invention and the mechanism of the instruments used, a thing which would be impossible to accomplish intelligently in a brief synopsis. They explained what has already been accomplished with this discovery and spoke of the important place which it will fill in the world. The thesis was illustrated by a wireless telegraph instrument, a message received from the Congregational church showing that distance and brick walls are no hindrance. Both young men gave their explanations

in pleasing manner their delivery being forceful and excellent.

To Juliette E. Bostwick belongs the credit of the most artistic number given during the exercises. Her subject was "Wagner, Millet, Whitman—Their Underlying Motives" and it was not only beautifully handled but showed most careful study in its preparation.

Miss Bostwick played Wagner's "Pilgrims' Chorus" exquisitely and Miss Carrie E. Wood recited Whitman's "Come Up From the Fields, Father." Miss Wood recited the pathetic and beautiful poem artistically and with rare sympathy.

Present the Class Token

In presenting the class token, the beautiful alabaster statue of Prometheus, Alice M. Estes, told of the great progress which has been made in the public school system during the century and of the deep appreciation which the students have for the educational advantages of the present. She then told them in beautiful language the story of Prometheus whose statue the class had chosen to leave as an evidence of that appreciation of the school and teachers and as an inspiration to future classes. Miss Estes unveiled the statue and while she was still speaking a fine crayon portrait of Supt. Mayne artistically framed in green and gold was brought on the stage to be greeted by a perfect storm of applause. Miss Estes paid an exquisite tribute to Mr. Mayne whose portrait this class and the last to graduate under him, desired to leave with the school for which he has done so much. The presentation of the portrait was a great surprise to Mr. Mayne who could scarcely realize what was being done.

One of the strongest numbers was the polished, well written and splendidly delivered "Address to the Board of Education" by Lloyd W. Porter. W. S. Jeffris, president of the board of education made a brief and happy response, thanking the class for its expressed appreciation and extending the congratulations of the occasion to the members of the class to whom he then presented the graduation diplomas.

The benedictory prayer was offered by Rev. W. A. Hall, pastor of Court street M. E. church after which the graduates sang the class song. The song was written and arranged by Miss Florence MacGregor and happy hits on the members of the class, the faculty and the lower classes were mingled with the praises of '01, all being set to familiar tunes. It is a very creditable piece of work and was well sung, a pleasing effect being produced during one melody by a part of the boys whistling the accompaniment. Josephine Treat played the piano for the class.

Received Their Diplomas

Those who received their diplomas as members of this year's class are:

May Belle Arnold, Mark L. Baum, Arthur W. Baumann, Burns W. Brewer, J. Edward Barron, Juliette C. Bostwick, Coral Bonestee, M. Lorena Crouse, Alice B. Gossens, Jennie J. Cleland, Zoe L. Carrier, Leno A. Dudley, Fannie M. Dooley, Agnes J. Carroll, Bertha A. Erikson, Alice M. Estes, Elene A. Fish, Richard H. H. Griffiths, Elizabeth Gagan, Charles A. Eadden, Claude S. Holloway, Mable L. Holloway, Josie Hillbrandt, Ada M. Huie, Margaret Peterson, Frank W. Kent, Harry B. Kirkland, Ella E. Lowry,

THE NEWS FROM COUNTY TOWNS

THE GAZETTE AGENCY.

The second annual commencement of the Milton high school at the S. D. B. church on Monday evening was attended by an audience that tested the capacity of that edifice. Ten graduates appeared on the program and did themselves and their alma mater great credit. The music was excellent.

Remember the flag raising at the Vicksburg school house next Thursday, June 13. A good program is arranged with noted speakers and school exercises. Music by a male quartet and the college band. Let everyone come and bring their dinner baskets and enjoy the picnic that follows: It is desired to have a reunion of all old settlers and teachers on this occasion. Exercises will begin promptly at 10:30 a. m.

Rev. C. P. McBride and Miss Susan McBride of Oconomowoc and Mrs. Mary Moore of Chicago spent Friday and Saturday with W. P. McBride and family.

D. C. Ring and wife left on Wednesday for Welton, Iowa. There future location has not yet been determined upon. Their many friends here wish them success in the future.

Miss Florence McCoy of Madison has been visiting her aunt, Mrs. Jerome Waterman this week.

Notwithstanding that this is the dull season for live stock shipments Vincent & Hassenger paid out \$2,500 for stock one day this week.

Miss Winnie Johnson of Darien has been the guest of Mr. and Mrs. Clem W. Crumb.

John McBride of Milwaukee visited his nephew, W. P. McBride, last week.

Mrs. Rebecca Potter, who has been ill for some time at the home of her daughter, Mrs. M. Crosby, died on Wednesday morning. The remains were taken to the home of the deceased at West Hallock, Ill., on Thursday for burial.

Clark Pierce and wife of Edgerton visited their father, James Pierce on Wednesday.

Mrs. Chapman and Miss Chapman of Madison were entertained by Mrs. W. W. Clarke Wednesday and Thursday.

Captain Vankirk of Janesville was here Wednesday.

The college ball team was beaten at Brodhead Wednesday by a score of 9 to 8. A good game.

EDGERTON.

Edgerton, Wis., June 7.—Another large warehouse is to be erected here this summer which is evidence that Edgerton will continue to be the tobacco center of Wisconsin. The new building will be about 165 feet long, two stories high besides the basement and will be built of brick with a slate roof. It will be furnished with all modern appliances and will cost about \$10,000. Well & Sons of New York are the owners of the new structure.

Rev. Moore of the Congregational church has returned from a month's visit at Northfield, Minnesota.

The high school commencement exercises will be held on June 12th and 13th at the Opera House. On the 12th the graduating class will present a play and on the 13th the Rev. R. C. Denison of Janesville will give an address.

Mrs. Wm. Moulthrop died Tuesday night after undergoing two surgical operations at a Chicago hospital where she has been for several weeks past.

Henry Johnson, insurance agent has secured about one-third of the state insurance which amounts to about \$400,000.

Dr. Frederick Martin of Edgerton and Miss Eva Triggs of Chicago were married in that city on June 5.

Two new members were taken into the I. O. O. F. lodge in this city last Saturday evening. A large delegation from Milton were present and the initiating work was done by a trained team from Milton. After the ceremonies were over a bounteous banquet was served of which about sixty partook.

Mr. Bennett editor of the Mineral Point Tribune and formerly editor of the Edgerton Index, called on friends here Monday.

Miss Denning, who has been sick with a slight attack of smallpox, has entirely recovered and is now out of quarantine. No other cases have developed and hence all occasion for alarm is past.

Ed. Lawrence, the head clerk in Morrissey's cigar store, has gone for a few weeks' visit at his old home in Detroit, Michigan, and from there he will go to Buffalo to the Pan-American.

A new business block will be erected on Henry street this summer by Henry Schmeling, proprietor of the U. S. House. The 1st floor will be used for stores and the second for a dancing hall.

TOWN OF JANESVILLE.

The cold weather of the last two weeks has caused some of the farmers to replant their corn.

Some of our young folks attended the dance at Frank Hutton's last Friday night.

J. D. Little and family of La Prairie spent Sunday at the home of their

parents, Mr. and Mrs. John Little. Mrs. Slawson, from the city, has been the guest of her daughter, Mrs. John Turnbull, for the last few days. Mrs. Bessie Van Galder has returned from a visit with relatives and friends at Shopiere.

Wm. Mills of Beloit has been visiting James Brierty and family.

Charles Risch and wife were callers at the home of John Paschall. Messrs. James and Thomas Little sold some fancy stock to a western man at a good price.

Mr. Van Galder and Miss Paul called on friends in these parts Sunday evening.

Dr. Cunningham was called to see Mrs. Albert Cauffman last Friday night.

B. W. Little, wife and daughter, took dinner with Grandpa and Grandma Brown Sunday.

Frank Koen, who has been dangerously ill with stomach and bowel trouble, is reported some better.

Little Robert Welch celebrated the anniversary of his birth Saturday, June 1, at the home of his parents, Mr. and Mrs. Frank P. Welch.

CLINTON.

Clinton, June 6.—Mr. J. C. Howarth has been adding a new veranda to his residence which makes a great improvement.

Mr. Clinton Meeriman has returned from Arkansas, not being very well pleased with things in general.

Mr. Henry Foltz is doing an extensive business in buying wool, having already purchased 40,000 pounds this season.

Mr. and Mrs. S. S. Jones entertained the band and the Foresters with their ladies, Wednesday evening in a very pleasant manner.

Mr. and Mrs. F. R. Helmes and daughter, Helen, start Saturday for Buffalo and Niagara Falls, to be gone a week or two visiting the Pan-American.

Mrs. Dr. Colver spent a portion of the past week with her sister in Burlington.

A party of eight, most of which were the teachers in the high school attended the graduating exercises at Shopiere last Friday evening.

Mrs. Etta Haskins of Pewaukee has been spending a few days with her mother, Mrs. Stoney.

Rev. T. J. Parsons conducted religious services.

Mr. and Mrs. F. Howarth are enjoying a visit from their daughter, Mrs. Leon and little grand daughter of Whitewater.

Mrs. Ed. Watts spent yesterday in Beloit.

Mothers write us that they have solved the problem of keeping their children well. Give them Rocky Mountain Tea each week. A blessing to mother and child. Smith's Pharmacy, Kodak agents, Next P. O.

Judge Royer for Senator.

Upper Sandusky, O., June 7.—The Democrats of the thirty-first senatorial district have nominated Judge Royer of Tiffin for state senator. The convention declared in favor of a new system of state taxation, compelling corporations to pay larger share of taxes.

Instrument perfected at Dartmouth College to measure the heat of stars.

Rooney Gets Decision on a Foul. Fargo, N. D., June 7.—In the wrestling match between J. J. Rooney, the "Giant Gripman" of Chicago, and the "Terrible Turk" Rooney was given the decision. The Turk secured the first fall in eighteen minutes on a half Nelson. Rooney won the second with a similar hold in nine minutes. In the third the Turk repeatedly violated the agreement barring the strangle.

Three Killed in Yukon Ice.

Seattle, Wash., June 7.—Philip Steinway, Peter Denning and J. Flagg, whose places of residence are unknown, were crushed to death in the ice jam in the Yukon river May 28.

NEWS AND NOTES OF BADGER STATE

Fifteen thousand acres of uncultivated land in Marinette County, Wis., have passed into the hands of a company of glass workers organized in Indiana, who will take possession during the summer. Many of the glassworkers will band together and build new factories in the tract, and follow their old occupation.

Efforts are being made to form a company to develop extensive peat fields which have been discovered in the town of Pleasant Prairie, near Kenosha, in the manufacture of powder. The peat bogs which will be worked cover many acres of land.

A project is on foot to drain about 3,200 acres of low lands on the Big Marsh between Baraboo and Portage and make it useful for agricultural purposes.

Near Plainfield a little son of J. P. Van Hooser picked up a large torpedo along the track of the Wisconsin Central track which had probably been lost by the trainmen. The boy supposed it was a silver half dollar and in rubbing it briskly it exploded blowing his hands to pieces.

Kenosha is excited over an epidemic of small forgeries. Fraudulent paper amounting to \$100 is known to have been passed.

The recent death of Dr. George B. Noyes, surgeon-general of the Wisconsin Veterans' home, causes a vacancy that will be filled at the next meeting of the board of trustees. The salary attached to the office is about \$1,000 a year, besides a house and all provisions for the surgeon and his family.

Early risers at Loyal Sunday morning were astonished to see the figure of a man hanging from the liberty pole, with the name of a teacher in the public school attached to it. The teacher was hired by the school board to teach in the village against the wishes of some of the patrons, who expressed their displeasure by hanging him in effigy.

William and Frank Ingalls on their way West were separated from each other forty-five years ago in Philadelphia. All efforts to locate each other were fruitless until a son of Frank recently met a daughter of William in a boarding house in Minneapolis. The brothers are now having a good visit at Frank Ingalls' home in Menasha.

F. H. Rooney has come out a victor in a battle with a grey wolf. The wolf was discovered in a swamp near the home of Rooney in Chippewa Falls, who was armed with a club at the time. The hunter gave chase but suddenly the wolf turned around and a fight ensued in the water and mire. The brute was killed with the club after a long battle.

On July 1 two additional rural delivery routes will be put in operation at Viroqua, Vernon county, with A. L. Russell and A. J. Thompson as carriers. The new routes, fifty-three miles long, cover an area of fifty-five square miles and serve 218 houses or a population of 975. As a result of the establishment of these routes the postoffices at Liberty, Pole, Fargo, Bud Purdy and Folsom will be discontinued.

Inspires one to nobler and better deeds; unlocks the gates of happiness; pours glowing vitality into your system. That's what Rocky Mountain Tea will do. 35c. Smith's Pharmacy, Kodak agents, next P. O.

France to Recall Berlin Envoy.

Paris, June 7.—The French government, which still bitterly resents the presence of a Russian ambassador at the German army review at Metz on May 18, has, it is declared, decided to recall the Marquis de Noailles, the French ambassador at Berlin.

An Old Friend

S. S. S. has been before the public for many years; from a small beginning, it has steadily worked its way to the front, and is now known in every city, town and hamlet in the country. Its staunchest friends are those who have known it longest and have witnessed its wonderful curative powers in their own families or among their friends and acquaintances. Grateful patients in all parts of the country tell of their restoration to health and happiness, and the testimony of these is the highest evidence of the medicine's worth. S. S. S. is more popular today than ever in its history—no other remedy stands so high, has ever given such perfect satisfaction or is so reliable in the cure of Cancer, Rheumatism, Catarrh, Contagious Blood Poison, Scrofula, Eczema, Psoriasis, Salt Rheum, Acne, or any disease that originates in the blood. Being strictly a vegetable preparation, you will find it agrees with you much better than a drug store concoction or any of the widely advertised potash and mercury remedies, which affect the bones, muscles and stomach, causing Rheumatism or Dyspepsia. If you have never tried S. S. S., you will be surprised at the immediate good effects, but surely it drives out the poisons and restores the blood to a healthy condition. If there is a sore or ulcer on the body, it begins to heal around the edges, the discharge finally ceases and the place gets well; muscular and bone pains vanish, and the skin is relieved of all itching, irritating eruptions. Nervous, run down and anaemic people will find S. S. S. just the medicine they need, for blood poverty and ill nourished nerves are responsible for their condition. For old people and children S. S. S. has no equal; being free from all minerals, it does not nauseate or have any injurious effect whatever, and keeps the blood in good condition, thus fortifying against disease. Experience teaches what is good and what is not good; this applies particularly to medicine, and S. S. S., a remedy that has retained the confidence of the people for nearly 30 years, must have merit—it cures, is the secret of its success. When you call for S. S. S., don't be persuaded to accept something else. There is no substitute for S. S. S. It is the only guaranteed purely vegetable blood purifier, and the safest and best for all blood and skin troubles. Do not let them force an inferior mineral remedy on you because there is a larger profit in it. If you have any blood or skin disease, don't hesitate to write us about it; our physicians will carefully consider your case and advise you without charge. Book on Blood and Skin Diseases free.

Don't Experiment—Take S. S. S. for no sooner does it get into the circulation than the appetite increases; you grow stronger, and gradually but surely it drives out the poisons and restores the blood to a healthy condition.

TELEGRAPHIC SERVICE.
The Gazette receives the full daily telegraphic report of the Scripps-McKee Press Association.

THE TAX COMMISSION.

The instructions recently sent out to the 1,500 assessors of the state, by the tax commission, indicates that the work of that important organization is practical, and is to be made effective.

While this commission has been ridiculed and maligned to a greater or less extent, it is safe to say that time will demonstrate that it is the most practical organization in the state today.

Wisconsin possesses property and wealth in abundance. If the burden of taxation can be equitably distributed, as it should be, it will cease to be a burden, and the state will have ample funds for all legitimate expenses. This the tax commission attempts to do, and it is entitled not only to encouragement but to every assistance that can be rendered.

At the meeting of the Rock county assessors, recently held at the court house, the fact developed that farming lands in the county were assessed all the way from 28 to 54 per cent. on actual valuation this valuation being determined by the selling price in the several towns.

These conditions, of course, are unfair, and their adjustment upon an equitable basis, should be not only satisfactory, but should be demanded, as a question of simple justice.

The tax commission should be competent to say that all of the farming lands in the state shall pay a fixed percentage on actual valuation, to be determined by sales covering a given period.

Rock county sold in 1890, 15,000 acres of farming land at an average price of \$54 per acre. The value in towns varied on account of soil and other conditions, but the average price per town could be easily obtained by the assessors.

What is true of farming lands is true of all other classes of property. It is the most natural thing in the world for property to run to cover, at sight of the assessor, and the practice is so universal, that people generally do not regard it as dishonest. There are certain classes of property of course that are too large to find a hiding place, and real estate and railroads belong to these classes.

While the work of the tax commission covers this class of properties, it extends to personal property as well, and this is always the most intangible class to reach. Stocks of merchandise, manufactured goods, bonds and mortgages, and various other items that represent wealth, are frequently difficult for the assessor to deal with on anything like an equitable basis. Some of the new legislation will be an aid in this direction, and it may be possible through the intelligent work of the commission to establish fair and just taxation. If this can be done in ten years, the money that it costs will be well invested, and people generally will be satisfied.

The spirit of fairness exhibited by the United States, in offering to reduce the indemnity one half, in settling with China, is very commendable and Great Britain was not slow to follow suit. Every nation interested that is prompted by a spirit of humanity should show the same generous disposition. China has been taught a lesson that she will not soon forget. An opportunity is now presented to enforce the truths of this lesson by exhibiting the spirit of charity for which christian civilization is noted.

The "night shirt" parade of university students at Madison is a disgrace to that institution, as well as to the 250 young men who participated. The sort of education that produces that kind of an exhibition causes the average tax payer to ask the question, "What are we paying our money for?" If the university will shorten up the football course, pay a little less attention to theories, and a little more to morals, and common decency, the crop of gentlemen graduated will be more prolific.

The London Chamber of Commerce winned and dined a party of representative Americans the other day, and for four hours exchanged friendly greetings. The assemblage was not noted for brilliant after dinner speeches, because the Americans present were of the J. Pierpont Morgan stripe, who play their strongest cards in the field, and not on the platform.

Considerable blame is attached to the Supreme Court for its decision in the insular case. The members of this court are not infallible, but probably their decisions will average up just as those of any similar body in existence. There is always one-half of the people who must be displeased with every court decision, or the lawyers would starve.

Mrs. Irving, the Chicago authoress, is being flooded with applications to

compete for the \$1,000 prize offered for an honest man. She has thrown around the offer so many safeguards and conditions, that success is out of the question. The advertising scheme is a good one.

Senator Tillman of South Carolina is having hard work to resign and it looks as though the people of his state would be obliged to put up with him for the balance of his term. Senator McLaurin, his colleague, will continue to represent the bitter element of the state.

Too much praise cannot be given John D. Rockefeller for his latest benefaction. The whole country will call him blessed, who has furnished equipment and opportunity for the saving of life and the relief of suffering.

The church no longer hampers the conduct of George D. Herron, and he is at liberty to love as many women as he desires. George always has been quite free with his love making.

Mrs. Eddy did not succeed in libeling Mrs. Woodbury, according to the courts. It appears to have been a case of gossip, pure and simple, without cash value.

Judge Brewer seems unfamiliar with the getting into one of the united states, (i. e.) for he took out a marriage license in Washington when he is to be married in Vermont.

If Dowie is really Elijah—look out or he will go up some day church, bank and all.

Dowie's first message as Elijah was "shell out," and we expect it to be his last.

It seems unnecessary to make any new combinations in collar and cuff makers.

Girls are arrested in New York for making faces; but they still make eyes.

Meat is soaring and the vegetarians are happy.

LOCAL FIRM MOVE
BRICK BUILDINGS

Baum Brothers. Successfully Carry Out a Most Difficult Contract.

From the new post office site on S. Franklin street a 2-story brick building, 24x50 feet has been moved and is now well on its way to a new location on Washington avenue.

The house moving contractors, Baum Bros. have the difficult task in charge and as one of the members of the firm expressed it "this building will be moved without jarring a brick or shaking the plaster a particle." This is the first brick building to be moved in the city for some years and the undertaking in no ordinary one. Baum Bros. have moved numerous buildings about the city, one of the largest of recent date being the two-story frame warehouse of the Janesville Machine Company. The structure is 28x100 feet in size and was successfully swung around across the street at the corner of Pleasant and South River streets. The firm is composed of Wm. and E. A. Baum, both residents of the city.

Careless Bicycle Rider.
Miss Grace Wilt was the victim of a careless bicycle rider while she was playing in the yard at the Webster school. The young man was making a short cut through the ground when he collided with Miss Wilt. She was knocked down and had to be carried into the school house. The rider was thrown from his wheel but managed to mount again and get away before his name could be learned.

College Girl in Jail.
Northampton, Mass., June 7.—Miss Mabel Lawrence Burt, a student of Smith College last year, was arraigned here before the district court on the charge of stealing jewelry to the value of \$2,000 from the dormitories of the college. She pleaded not guilty and went to jail in default of \$1,500 bonds. Miss Burt is a daughter of J. Ogden Burt, a lawyer of Bridgeton.

Mrs. Prince-Kennedy Weeps.
Kansas City, Mo., June 7.—Mrs. Lu Lu Prince-Kennedy, hardly moving a muscle or showing a particle of emotion, listened while half a dozen witnesses recited the details of her killing of her husband, Philip H. Kennedy. Later, without apparent cause, she bowed her head and cried, but only for a few moments.

Refused Damages for Flogging.
Mexico, Mo., June 7.—A verdict was rendered here against E. W. Haycraft, who sued his former teacher, Miss Dolie Griggsby, and two school directors for \$2,000 damages for a flogging she gave him at the instigation of the directors, one of them crying, "Give it to him!"

JANESVILLE GIRL
GETS HIGH HONOR

Another Janesville girl has found honors of high order in her school life, and Miss Emma Wood Winans, daughter of Hon. and Mrs. John Winans of this city, has been chosen as the valedictorian of this year's graduating class at Kemper Hall, Kenosha. The Milwaukee Sentinel publishes a picture of Miss Winans in connection with its announcement of the Commencement exercises at Kemper Hall.

SHOULD AID THE RAILWAY COMPANY

Advice From Ex-Mayor John Thoroughgood In Regard to the Present Trouble.

Ex-Mayor John Thoroughgood writes The Gazette as follows in relation to the difficulty between the city and the St. Paul railway company in relation to certain concessions asked for by the company:

John Thoroughgood Explains Editor Gazette: "Attempt to Hold Up the St. Paul Road." Under this heading The Gazette last night said: one four local merchants had a conversation with a high official of the above road giving reasons for the stoppage of the work on the improvements here, some partly done and others the company are anxious to do.

While no citizen is more willing and few have encouraged railroad improvements in Janesville more than the writer, I fully realize that cities with no railroads are not usually on the map.

Janesville has much to be thankful for and should encourage the railroad companies all that is possible and feel kindly toward them for what has been done and what further they wish to do.

Mention was made in The Gazette article of the stoppage of work on the North Main street freight depot.

There is no particular trouble. I am satisfied that the matter will be amicably settled. The aldermen of the Second ward are fully able and willing to adjust the grievance without being brought to task through the papers, the managers of which are not always able to judge on these matters.

Everyone knows that Prospect avenue is one of the principal thoroughfares in the Second ward with a very steep incline. Between North Main and Bluff in half the block there will be five tracks crossing that street. The St. Paul company desires to cut that street down to accommodate their warehouse to such an unnecessary depth that it will become a hardship for vehicles and teams by so doing.

This matter as far as the writer is concerned is settled. The railroad company agreeing to lay their tracks satisfactory to the aldermen of the ward and undoubtedly this matter will be settled at the next meeting of the council.

This then is all of the trouble concerning the freight depot. As for the passenger depot, Janesville needs it; the St. Paul company needs it and every exertion should be made to get it for by its completion Janesville can boast of having no equal for railway facilities and depots according to its area.

Had the writer property interests tributary to the new depot he surely would make concessions to get the work under way. Janesville as a railroad center is here to stay—don't try to stop them for the improvements and push now going on and in sight.

We, the citizens of Janesville, have been waiting for many years—the writer thirty-six years—and now here they are; let's get more of them when opportunity shows itself. Yours truly, JOHN THOROUGHGOOD.

GOLF CLUB WILL BUILD A KITCHEN

Meeting of Board of Directors Last Evening to Make Arrangements for State Tournament.

Business of considerable importance to the Mississippi golf club was transacted at a director's meeting held last evening at the office of the secretary.

For a long time a kitchen on a level with the main floor of the club house has been wanted. At times when there have been large gatherings at the grounds when meals have been served the running up and down stairs constituted the hardest part of the work.

Another drawback to the basement kitchen was, that there was no way of shutting it off from the men's lockers which made it very inconvenient.

The tournament coming on in July when there will be a large number of visitors present brought the matter up. It was decided to build a kitchen 16 by 24 at the north west corner on a level with the main floor. The addition will cost in the neighborhood of \$250 and will fill a long felt want.

The question of the tournament was taken up and discussed at some length. A number of details were arranged and a committee on finance composed of C. C. MacLean, F. S. Sheldon and W. A. Jackson appointed. Albert Schaller, J. P. Baker and Edwin Fifield were appointed a committee on prizes. Committees on tournament and games will be appointed later by the chairman of the board.

Scores of the qualifying round for the Richardson medal must be handed to the secretary by June 17. The score cards to be secured from the five holes medal play. Signed score cards to be secured from the secretary on the day the score is to be made. The sixteen highest scores will qualify for the first round match play.

A pot bunker has been put in just short of No. 2 green which makes it a very difficult hole to play.

With plenty of rain the grounds

will be in first-class condition by the time the tournament opens next month.

The colored umbrellas in pretty changeable effects, others with borders, all have handles to match. You can get suited here. Prices not high. J. M. BOSTWICK & SONS.

HANDSOME WEDDING IN GERMAN CIRCLES

Henry Litzkow and Miss Martha Gramke Happily Married at St. Paul's Church Today.

St. Paul's German Lutheran church was the scene of a handsome wedding last evening when Miss Martha Gramke became the wife of Henry Litzkow under the most auspicious of circumstances. The church was elaborately decorated and in the midst of fragrant flowers and beautiful foliage the marriage vows were pledged the sanction of the church being bestowed by the pastor, the Rev. J. C. Koerner. The ceremony was witnessed by a large company of friends.

The bridal party made a handsome picture which will linger long in the memories of those who were privileged to see it. The bride was beautiful in a rich gown of white satin which enhanced her rare personal charms. She carried bride's roses and was attended by Misses Anna and Lena Wenzel of Milwaukee, both of whom wore dainty white gowns and carried pink roses. The groom's attendants were Edward Kienow of Madison and Alfred Bahr of this city.

After the ceremony there was a reception which was held at the home of the bride's parents, Mr. and Mrs. Albert Gramke, 3 Prairie avenue. An elegant wedding breakfast was served and the evening passed most enjoyably. The reception was a large one and many guests from out of the city were present.

The bride is a handsome and charming young woman and the groom has a genial personality and is an energetic business man in the employ of Amos Rehberg & Co. Mr. and Mrs. Litzkow have gone to housekeeping at 101 Locust street and if the wishes of their friends can prevail the future will hold nothing for them but prosperity and happiness.

THEY SELL PIANOS ON THEIR MERIT

Janesville Music Company Have Been Busy of Late in This City and Vicinity.

If one is to judge from the large number of pianos that have been sold in this city and vicinity of late by the Janesville Music company it is quite evident that they handle a grade of pianos that are right in every way from price to quality. Their sales have been double those of any other firm. Another secret of their success has been their reliability. For the past three years the Janesville Music company have been located in the Norcross block opposite the post office. The firm is composed of gentlemen who know well their business. Their dealings with the public have at all times been fair and at no time have they misrepresented a piano. If an instrument is not up to the high grade standard this firm make it a special point to so inform the purchaser. Such pianos as the famous Schöner are handled by them and with many other famous makes to select from one must be hard to suit if they fail to find here just what they want in the line of a piano. The Janesville Music company are not here today and away tomorrow, but are at all times here to make right any wrong.

Eastern Star Picnic H. L. McNamara and wife, Mrs. C. A. Sanborn and Fred Howe, the committee appointed by the order of Eastern Star, to arrange for their picnic and excursion went to Long Lake on the line of the Janesville & Southeastern yesterday and looked over the road's picnic ground at that place.

They were much pleased with the grounds and decided to hold the picnic, Tuesday, June 18.

Fancy dairy butter 17 cents per lb in jar lots. Dedrick Bros.

Attend our special sale of wash dress goods this week. T. P. Burns.

Wolverine Soap extends a friendly hand to all. It has no equal as a laundry soap. Can also be used as a toilet soap.

F. W. Coon, editor of the Wisconsin Tobacco Reporter, was a business caller to this city today.

George W. Marsden of the Rock River Machine company was in Rockford yesterday on business.

Mr. and Mrs. Frank W. Dunn of Minneapolis are visiting Mr. Dunn's sister, Mrs. John Slightam.

AGENT NOT PLEASED Left the City Without Receiving Much Satisfaction

This week an agent representing one of the leading Eastern cigar distributing houses arrived in the city for the purpose of learning why Grubb was retailing their favorite 5-cent cigars 7 for 25 cents. At this price the agent claimed that Grubb was wholesaling their cigars to the local trade at retail prices. This method, the agent claimed, was injuring his trade with the local cigar dealers as Grubb was retailing cigars as cheap as they could purchase them. Grubb still continues to retail at wholesale figures which means that for a little money the smoker can enjoy all the well known brands that sell elsewhere at straight five cents. These brands include the famous Golden Crown, Cremona, Henry George, Fontella, Childs, Sportsman, Portuando, Little Toms, Upman's Extra Five, Moos and many others.

The State Bank of Oortdville, Wis., is responsible and asks a careful scrutiny as to its promoters. Is recommended by four governors and many banks. Pays four per cent. on six months and five per cent. on 12 months time deposits.

If you have been "everywhere" trying to find glasses that would fit you, and, after all, you eyes ache or blur with the glasses which you now wear, call on W. F. Hayes, with F. C. Cook & Co., and if he cannot give you some that will exactly suit you he will charge you nothing. If he succeeds in fitting you perfectly when others have failed your experience will coincide with that of many others. Mr. Hayes is in his office every Saturday and Monday. Fancy dairy butter 17 cents per lb in jar lots. Dedrick Bros.

Steamer Trunk PRICE \$4.00

Just what you want on your summer vacation. The most convenient trunk made. Easy to handle and plenty large enough. New shipment just in.

TO ENTERTAIN THE GRADUATING CLASS

High School Alumni Association Will Give Boys and Girls a Banquet Tonight.

The members of the graduating class will be handsomely entertained this evening by the Alumni association, Long tables at which is expected that two hundred guests have been seated, have been spread in the High school gymnasium which has been handsomely decorated for the occasion. The decorations put up by the Juniors for commencement have been retained and others have been added. The hour announced for the banquet is 6.30 o'clock, and it is hoped that members of the association and their guests will be at the building as promptly as possible.

The ladies of the Congregational church have charge of the banquet, and waiters from the Junior class will serve the following

Menu. Creamed Potatoes, Cold Ham, Hot Rolls, Pickles, Brown Bread, Lemon Jelly, Coffee.

Fruit Salad, Olives, Ice Cream, Cakes.

The banquet will be followed by the postprandial program and a season of sociability.

Dr. H. B. Johnson of Beloit and Dr. W. H. Borden of Milton attended the meeting of the board of pension examiners in this city yesterday

BIG SHIP ON THE ROCKS

Assyrian a Wreck on Ledge at Cape Race.

SHOCK DISLOCATES ENGINES.

Strikes When Going at Full Speed and One-Third of the Vessel's Length Is Telescoped Against the Cliff—Sailors in Panic.

St. Johns, N. F., June 7.—Going at full speed at midnight through a dense fog which enveloped the whole coast, the big Leyland line steamship Assyrian plunged on to the rocks at Cape Race and hurled one-third of its length upon the ledge as it telescoped its stem against the frowning cliffs. The vessel tore out its underbody and the fore and second holds showed fourteen feet of water within a few minutes. The crew escaped to the rocks after hours in the boats. It is feared the vessel will prove a total loss. The shock when the vessel struck the rocks dislocated the engines, wrecked the machinery, forced the artificers from the stoke holds, and threw all the men in the berths into a heap on the fore-castle floor. The sailors were all Dutchmen. They rushed for the deck in a panic, cut the lifeboats clear, and resisted all the efforts of the English officers to calm them and restore discipline. Only by threats did the officers restore peace and prevent a hurried lowering of the boats and a probable tragedy in the boiling surf.

Huge seas swept the rocks and covered the decks and made too perilous an attempt to scale the cliffs and seek aid. The men were afraid for a time that the ship had rammed the cliffs and would presently back off and sink in deep water, carrying them down, but after a while it was seen that the vessel was held firmly by the rocks which had pierced its bottom, and that it was in no danger of collapse. The life boats were then launched, provisioned and manned. One boat was dispatched to find a fishing hamlet. The others lay by the wreck until daylight. In the early morning the sea rose and the gale increased. The boats were unable to make to seaward and narrowly escaped swamping. The crew had to leave them, take to the rocks, and climb until rescued by the coast folk after daybreak. The ship was boarded at noon. The captain was hopeful of getting it off and wired for assistance. The wrecking steamships Algerine and Virginia sailed from here at noon with all appliances to assist in towing the Assyrian off, but shipmen here are doubtful if this is feasible owing to its condition and the difficulty of moving it with no pontoons available. The Assyrian was bound from Antwerp to Montreal. It was ten days out and had 2,000 tons of cargo. It is almost a new ship. The captain thought himself forty miles south of Cape Race, but owing to the fog had not been able to obtain sights to work out his reckoning for three days.

Missed to the Oceanic.
Liverpool, June 7.—The White Star line steamship Oceanic, which sailed from here for New York returned. She had lost a blade of the port propeller. After an examination the ship sailed again at 10 o'clock.

FOUND GUILTY OF ROBBERY.

One of the Three Men Convicted Dies Immediately After Verdict.

Toronto, Ont., June 7.—Jones, Rice and Rutledge, who were brought here from Chicago, have been found guilty of robbing the Aurora (Ont.) postoffice. These are the burglars who made such a desperate attempt to escape Tuesday night, when Constable Boyd was killed and Jones very badly wounded. They will now be arraigned for murder. Crown Attorney Curran says Rice, who, it is alleged, fired the shot which killed Boyd, is supposed to have killed a man during a robbery in Chicago.

Thomas Jones, who, with Rice and Rutledge, attempted to escape from the constables Tuesday, died today just after he and his companions had been found guilty. Jones was wounded in the arm and amputation was necessary. He made no ante-mortem statement.

"Veiled Woman" Behind Bars.

Toronto, June 7.—The police have arrested Miss Maria Seavey, the mysterious "veiled lady" whose presence at the trial of Burglars Rutledge, Rice and Jones, was such a mystery. They think she is the person who tossed into the cab last night the pistols with which the desperadoes attempted to escape, killing Guard Joyn in the effort. Miss Seavey is from Chicago, and the police say she is enamored of one of the trio. She was devoted to the men during the extradition proceedings in Chicago.

Mrs. McKinley's Condition.

Washington, June 7.—Mrs. McKinley, Sternberg and Johnston were in consultation at the White House about half an hour. After their departure Secretary Cortelyou gave out the following statement: "Mrs. McKinley's physicians report that she continues to show slight improvement."

"Father of Elks" Dead.

New York, June 7.—George W. Cumberland, known to the American stage as George W. Thompson, "Father of the Elks," is dead in Brooklyn from blood poisoning, following an operation upon his hand.

Secretary Long Returns.

Washington, June 7.—Secretary Long has returned to Washington from Colorado, where he has been spending the past two weeks with his daughters.

Electric Line 305 Miles Long.

Cleveland, O., June 7.—Before the year closes there will be in operation from Cincinnati, Ohio, to Pontiac, Mich., the longest electric road in the world. Work will begin from the Cincinnati end at once.

The Everett-Moore syndicate has obtained control of the Miami and Erie Transportation Company. This will be used for passengers as well as freight. The purchase by the syndicate of the Detroit and Pontiac road and the consolidation of the Detroit and Toledo short line and the Toledo and Detroit short line gave the syndicate an exclusive field between Toledo and Pontiac, ninety-five miles.

With the reorganization of the Miami and Erie Canal Transportation Company yesterday the Everett-Moore syndicate came out on top and in absolute control. This adds about 210 miles to the system, a total length of 305 miles.

Eaten by a Shark.

Charleston, S. C., June 7.—It is believed that the school of sharks that has been off Charleston of late devoured the fifteen fishermen who were lost last Friday and for whose bodies their companions have been searching ever since. After a desperate struggle the crew of the lightship captured a shark ten feet long, and in its stomach found the left arm of a negro.

Fourteen Skeletons Found.

Deloit, Iowa, June 7.—A gang of section men working below this place on the Illinois Central unearthed fourteen human skeletons from an embankment. They had evidently been buried for many years, as a number of the bones fell to pieces when exposed to the atmosphere. Parties who have resided here for fifty years cannot explain the mystery.

Oldest Native of Illinois Dies.

Rock Island, Ill., June 7.—Benjamin Goble, the oldest settler in northwestern Illinois and the oldest native born citizen in the state, is dead. He was born in Wabash County, Oct. 17, 1813, and came here with his parents in 1825. He fought through the Black Hawk war and took up one of the first claims when this part of the state was thrown open for settlement.

State's Witness Disappears.

Upper Sandusky, O., June 7.—Two convicts subpoenaed as important state witnesses in the Johnson murder cases, have been held in custody of the sheriff. They were not confined in jail, but enjoyed the freedom of the city. Last night one, Alexander Phillips, who is serving time in the intermediate penitentiary for horse stealing, disappeared.

Goes to Meet Mr. Morgan.

New York, June 7.—Benjamin Baker, president of the Atlantic Transport company started for England today on board the Fuerst Bismarck to meet J. Pierpont Morgan before he sets out on his return journey to this country. Mr. Morgan, it is said, will start from Southampton a week from next Saturday on the St. Louis.

Mark Hanna Now a Colonel.

Cleveland, O., June 7.—Senator M. A. Hanna has been appointed a colonel on the official staff of Gen. Ransier, commander-in-chief of the Grand Army of the Republic. Senator Hanna was recently mustered into the Grand Army of the Republic as a member of Memorial post in this city.

Disappointment for Canada.

Ottawa, Ont., June 7.—The official organs of the government are preparing the country for the disappointment in store when the official census returns are made known. Instead of the confident predictions of 6,000,000 and over, the returns so far completed indicate less than 5,500,000.

Commissioners at Cavite.

Manila, June 7.—Commissioners Taft, Wright and Ide are at Cavite today establishing a provincial government. They were formally welcomed by Col. Goodrell and the local dignitaries in the town hall.

Judge Taft spoke, outlining the commission's provincial plans.

Baltimore, Md., June 7.—Jack Ward, 29 years of age, of Jacksonville, Miss., arrested here on a charge of obtaining money by false representation, voluntarily confessed that he was wanted in Memphis, Tenn., for the murder on April 21 of the barkeeper of the Mississippi River steamboat James Lee.

Dr. Tubbs an Alleged Heretic.

Salina, Kan., June 7.—Charges of heresy against Dr. Tubbs, professor of science at Kansas Wesleyan University, have resulted in his dismissal. The trustees, after granting a hearing on the charges, have voted that Dr. Tubbs sever his connection with the university.

Shoeless Led to Death.

Carroll, Iowa, June 7.—The lacing of her shoe led to the violent death of Mrs. John Trowbridge. She was driving with her little son, and handed him the lines while she laced her shoe. The horses ran away, throwing her out and breaking her neck.

SUCH A CHANGE.

Not only in feelings but in looks. The skin is clear, the eyes are bright, the cheeks are plump. No more pain and misery, no more sick headache, no more jaundice. What worked the change? Dr. Pierce's Golden Medical Discovery, which cured the disease of the stomach that prevented proper nutrition, and also cleansed the clogged and sluggish liver.

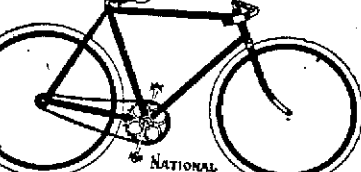

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of lungs, heart, liver, and other organs which seem remote from the stomach because many of these diseases have their cause in a diseased condition of the stomach involving the allied organs of digestion and nutrition.

"I sent you a letter about a year ago," writes Mrs. J. Ellis Hamilton, of Farmington, Marion Co., West Va. "I stated my case as plainly as I could, and received a letter from you in a few days, telling me to use Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription.' I suffered all the time—had jaundice, caused by food not digesting properly. I would have been dead long since if I had not used your medicine. I could not do the work myself. I commenced using your medicines as recommended for liver complaint, and think I am cured now. I asked your doctor if he could cure me, and he said he could give me medicine to help me but the trouble might return any time. I doctored three years without any relief. Haven't had sick headache since I took the first bottle of your medicine."

Dr. Pierce's Pellets cure constipation.

AN ABSOLUTE FACT THAT GREGG'S COFFEES ARE THE BEST

Pan-American Exposition Company,
D. S. Morgan Bldg.,
Buffalo, N. Y.

C. D. Gregg Tea & Coffee Co.,
Chicago and St. Louis.

Gentlemen:

I enclose you contract for the supply of coffee for the Bailey Catering Company, at the Pan-American Exposition, to be held in Buffalo during the coming summer. In the selection of your coffee, in competition with samples submitted by a number of the largest Importers and Roasters in the country, I have been governed entirely by the quality of the same. My experience with the coffee supplied to me during the past year or so by your house has been so uniformly satisfactory that I feel that I could do no better than to complete this arrangement with you. The amount of coffee which this involves will probably amount to as much or more than has ever been supplied to one consumer in the same length of time, and I congratulate you upon your enterprise in having secured this contract.

Very truly,
PAN-AMERICAN EXPOSITION COMPANY.

In Janesville and vicinity we are exclusive agents for the Pan-American Blend. We are now prepared to fill orders. Phone us.

O. D. BATES.

and the prices are within the reach of all.

If You Want Muslin Underwear!

of any kind, come to our store. We are sure you will be convinced that we show the representative line at

Prices That Are Right.

BORT, BAILEY & CO.

CUBANS MAKE NO CHANGE.

Resolution Rejected by the Administration Is Approved.

Havana, June 7.—The constitutional convention held a private meeting yesterday, at which the resolution which was rejected by the administration at Washington was approved in its final form after a committee had polished up its wording somewhat. The resolution was unchanged in substance. The convention is awaiting the arrival of Secretary of War Root's letter announcing its rejection. Senor Sanguily addressed the anti-Platt delegates. He declared that if Mr. Root stated that the Platt amendment had to be accepted or rejected without explanations then the convention had only one of two courses open, either to accept or reject it. There would be no use to attempt to parley. Opinion was expressed that if Mr. Root says that, though no explanation can be admitted in the form of the acceptance by the convention, there is nevertheless no objection to the convention keeping the explanations in the minutes as a record of the way the convention understood the Platt amendment, then this would be accepted without trouble.

CLINTON, MASS., IN STRAITS.

Sees No Way to Raise Library Maintenance and May Lose \$25,000.

Clinton, Mass., June 7.—This town has accepted a gift of \$25,000 from Andrew C. Carnegie for the erection of a new library building, but may have to withdraw its acceptance and return the gift.

When the gift was offered it was specified that a suitable site should be provided and \$2,500 raised each year for the maintenance of the building. These conditions were accepted, but when it was found that an annual appropriation of \$2,500 would not fulfill the second condition the town was in a quandary.

If Mr. Carnegie insists that a fund be established which shall furnish an annual income of \$2,500, Clinton would have to set aside perhaps \$75,000, and that amount could not be borrowed without appeal to the legislature to permit the town to exceed its debt limit. It is hoped a way out of the difficulty can be found.

THE FIRE RECORD.

Fire Causes Panic in Hotel.

Fort Wayne, Ind., June 7.—The Wayne Hotel, the leading hostelry of Fort Wayne, was damaged to the extent of \$15,000 by fire last night. The hotel was crowded with guests and a panic followed the discovery of the fire. All, however, escaped serious injury. A supposed crook caught going through the building during the excitement was arrested.

Stores and Homes Burn.

New Orleans, La., June 7.—Fire at Pollock destroyed twenty business houses and five residences, entailing a

loss of \$75,000, with but little insurance.

Quiet Marriage Because of Death.

Kenosha, Wis., June 7.—Miss Margaret Avery, heiress to \$1,500,000 in her own name, and one of Kenosha's 400 was wedded in this city yesterday afternoon to Andrew B. Maccaughey, a business man of St. Paul. The marriage was performed at the residence of the mother of the bride, Mrs. F. J. Tuttle, in Dukes avenue, by the Rev. Charles L. Mallory, rector of St. Matthew's Episcopal church of this city and dean of the Milwaukee diocese. Arrangements had been made for an elaborate reception to be held after the ceremony, but on account of the death of Miss Avery's grandfather, Thomas M. Avery, in Chicago May 26, the cards were recalled last week.

Kills Lone Widow.

Flint, Mich., June 7.—Mrs. Jennie Parish, a widow, aged 34, was shot and almost instantly killed by Lewis Weeks in her home here. Weeks demanded admittance but was refused. He broke in the door and fired two shots into her right side. Weeks escaped. He has a wife and three children. Mrs. Parish named Weeks as her slayer before she died. Her daughter Carrie, aged 12, witnessed the shooting.

Overcome by Escaping Gas.

Baltimore, Md., June 7.—Three men employed by the City Subway Commission were overcome by escaping gas in the subway yesterday morning. The foreman, A. T. Scott, died soon after being taken out. Thomas Cooper is thought to be dying. Peter Brodgen has a fair chance to recover. Two firemen were also overcome, but recovered.

Made Insane by Speculation.

Chicago, June 7.—Francis E. Morey, a victim of stock market speculation, was committed to Elgin by Judge Pond after trial in the Insane court. The patient lives at La Grange, and has followed the business of an accountant. For some time he had given indications of slight mental aberration. During the May break in the stock market Morey lost \$500 he had placed on margins, and since then has been more or less violent.

Invite Brazilian Cadets.

Washington, June 7.—The government has extended an invitation to the officers and cadets of the Brazilian practice ship Benjamin Constant, now at New York, to proceed by special car from Jersey City to Annapolis, to be present at the graduation exercises of the United States Naval academy, on June 7.

Woman Killed by Snake.

Carrollton, Ga., June 7.—Mrs. William Weaver, of Edwardsville, Ala., was bitten on the forefinger by a highland moccasin snake into whose nest she reached for eggs. The poison instantly blinded her, yet she lived twenty hours, suffering intense agony.

Piano Tuning

W. F. BURSEY, The Expert Piano Tuner and Repairer, is prepared to do work in the city on short notice. Telephone 25-2 rings. Reference: H. F. BLISS, Superintendent State School for Blind.

A Wild Chase.

A search for a \$500 piano for \$100 is futile—well nigh ridiculous. It's easy to tag an instrument so much; but "what is it worth?" is more important. We sell pianos at from \$160 up, each one well worth the price. Did you know that we sell instruments on the easy payment plan? We do.
